Dear President Minnikhanov

On behalf of the Australian Delegation I would like to express our gratitude and appreciation for the services and staff of the Universiade Village. All staff have been welcoming, friendly and helpful. They have made our stay particularly enjoyable by working very hard to ensure our requests are granted and with their friendly nature and warm smiles we have felt as they we have been very welcome.

The Universiade Village is one of the best I personally have seen in my attendance at 5 Universiades. The services are wonderful and we have only had a positive experience while staying here.

Please pass on our thanks and congratulations to all those who have contributed to the wonderful experience that the Australian delegation has enjoyed this past couple of weeks.

Mrs Siobhan James
Deputy Head of Delegation
Australia
