Subject: Re: thank you letter

Dear Friends of FNSU Relations Team:

I acknowledge receipt of your kind note and desire on behalf of the entire delegation of Uruguay to express our thanks and appreciation for your very efficient work.

We fully share with you the importance of these events. The leaders with many years in them, we are convinced of the importance that they have for our youth in every way, from the sport to the human. We do not measure the results therefore strictly at sports but we value the interaction, fellowship and values that our young people receive and practice here.

Uruguay is competing -fortunately- for many years, with good results in sports, but very good in all matters relating to conduct and fraternization.

This Universiades, excellent in all aspects, has been a new opportunity to deepen those values. And no doubt that this has been possible, and we recognize as essential your work. We wish to acknowledge the prompt, efficient and warm work of the "attaches" to the delegation as to the Head of Delegation and in particular our Coordinator, Zarema Kanieva whose professionalism and humanity were decidedly relevant.

Thanks guys and congratulations. You will remain forever in our memory.

Best regards,

Hugo Viglietti and Julio Jakob
LIGA UNIVERSITARIA DE DEPORTES (URUGUAY)
